You are looking at a custom rear window system designed for the Typhoon, however it may fit other small trucks just not sure. With a little customization you could even add a window motor and make it electric. Currently it is a manual system, and not sure that it works properly. I recently purchased an 86 C10 and this window system came with it. The window is much smaller than the C10 so I know it is for a smaller truck. The item is made by C.R. Laurence and is called Power Lite. I am only asking \$30.00. The picture with the Typhoon below is just as an example and I pulled it off the internet. Please call or text Jason at 972-877-4195. Please view my other items by putting 972-877-4195 into Craigslist home page search box and all my ads will come up. Thank you and good luck!!
